RICMS External Data Service API ^{v1}

/swagger/v1/swagger.json

Authorize

Gis

POST /api/gis/static-layers Gets static layers from GIS server

POST /api/gis/proximal-link Retrieve the closest ITSQA link information associated with the input parameters

POST /api/gis/response-plans Returns the response plan (diversion routes) that divert around the given set of ITSQA links.

POST /api/gis/upstream-links Retrieves the links that are immediately upstream from the given ITSQA link id.

POST /api/gis/downstream-links Retrieves the links that are immediately downstream from the given ITSQA link id.

Itsqa

POST /api/itsqa/archive/link-config Gets link-config data

POST /api/itsqa/link-config Gets link-config current data

POST /api/itsqa/archive/class Gets class data

POST /api/itsqa/class Gets class current data

POST /api/itsqa/archive/traffic Gets traffic data

POST /api/itsiqa/traffic Gets traffic current data

POST /api/itsiqa/archive/lane-traffic Gets lane traffic data

POST /api/itsiqa/lane-traffic Gets lane traffic current data

POST /api/itsiqa/archive/tmc-config Gets tmc config data

POST /api/itsiqa/tmc-config Gets tmc config current data

POST /api/itsiqa/archive/tmc Gets tmc data

POST /api/itsiqa/tmc Gets tmc current data

POST /api/itsiqa/tmc-aggregate Gets tmc aggregate data

Nws

POST /api/nws/weather-alert Gets current active weather alerts for counties of District 5.

POST /api/nws/archive/weather-alert Gets historical active weather alerts for counties of District 5 for a date/time range.

OriginDestination

POST /api/origin-destination/trips-by-route Gets the trips for a given route

POST /api/origin-destination/detectors Gets the detectors for the given set of parameters

POST /api/origin-destination/roadways Gets distinct list of location roadways

SignalControllerLog

POST /api/signal-controller-logs/status Gets Signal Controller Log Status Data

Siia

POST /api/siia/roadways Gets distinct list of roadwayNames  

POST /api/siia/intersections-by-roadway Gets list of intersections for given roadwayName  

POST /api/siia/intersection Gets SIIA intersection summary and detail data for a set of requested intersections or signals.  

POST /api/siia/archive/intersection Gets historical SIIA intersection summary and detail data for a set of requested intersections or signals.  

SunGuide

POST /api/sunguide/cctv/archive/config Gets historical Cctv configuration data  

POST /api/sunguide/cctv/config Gets current Cctv configuration data  

POST /api/sunguide/cctv/archive/status Gets historical Cctv status data  

POST /api/sunguide/cctv/status Gets current Cctv status data  

POST /api/sunguide/dms/archive/config Gets historical DMS configuration data  

POST /api/sunguide/dms/config Gets current DMS configuration data  

POST /api/sunguide/dms/archive/status Gets historical DMS status data  

POST /api/sunguide/dms/status Gets current DMS status data  

POST /api/sunguide/dms/status/new Gets current DMS status data  

POST /api/sunguide/event/status Gets current Event status data  

POST /api/sunguide/ramp-meter/archive/config Gets historical Ramp Meter configuration data.  

POST /api/sunguide/ramp-meter/config Gets current Ramp Meter configuration data.  

POST	/api/sunguide/ramp-meter/archive/status	Gets historical Ramp Meter status data.	✓	🔒
POST	/api/sunguide/ramp-meter/status	Gets current Ramp Meter status data.	✓	🔒
POST	/api/sunguide/traffic-signals/archive/config	Gets historical Traffic Signal configuration data.	✓	🔒
POST	/api/sunguide/traffic-signals/config	Gets current Traffic Signal configuration data.	✓	🔒
POST	/api/sunguide/traffic-signals/config/new	Gets current Traffic Signal configuration data.	✓	🔒
POST	/api/sunguide/traffic-signal-timing-plan/archive/config	Gets historical Traffic Signal Timing Plan configuration data	✓	🔒
POST	/api/sunguide/traffic-signal-timing-plan/config	Gets current Traffic Signal Timing Plan configuration data	✓	🔒
POST	/api/sunguide/traffic-signal-timing-plan/config/new	Gets current Traffic Signal Timing Plan configuration data	✓	🔒
POST	/api/sunguide/traffic-signal-schedule/archive/config	Gets historical Traffic Signal Schedule configuration data	✓	🔒
POST	/api/sunguide/traffic-signal-schedule/config	Gets current Traffic Signal Schedule configuration data	✓	🔒
POST	/api/sunguide/truck-parking/archive/config	Gets historical Truck Parking Facility configuration data	✓	🔒
POST	/api/sunguide/truck-parking/config	Gets current Truck Parking Facility configuration data	✓	🔒
POST	/api/sunguide/truck-parking/archive/status	Gets historical Truck Parking Facility status data	✓	🔒
POST	/api/sunguide/truck-parking/status	Gets current Truck Parking Facility status data	✓	🔒
POST	/api/sunguide/rse/archive/config	Gets historical CVS Roadside Equipment configuration data	✓	🔒
POST	/api/sunguide/rse/config	Gets current CVS Roadside Equipment configuration data	✓	🔒
POST	/api/sunguide/rse/archive/status	Gets historical CVS Roadside Equipment status data	✓	🔒
POST	/api/sunguide/rse/status	Gets current CVS Roadside Equipment status data	✓	🔒

POST /api/sunguide/tam/archive Gets historical TAM data

POST /api/sunguide/tam Gets current TAM data

Transit

POST /api/transit/archive/static Gets historical static transit (GTFS) data for an agency

POST /api/transit/static Gets current static transit (GTFS) data for an agency

POST /api/transit/archive/trip-updates Gets trip updates (GTFS-RT) data for an agency and date/time range

POST /api/transit/trip-updates Gets trip updates (GTFS-RT) data for an agency

POST /api/transit/archive/vehicle-positions Gets vehicle positions (GTFS-RT) data for an agency and date/time range

POST /api/transit/vehicle-positions Gets vehicle positions (GTFS-RT) data for an agency
